CLINICAL INTERVENTIONAL NEURORADIOLOGY (CINR) COURSE 3.1

MODULE 1 - ANEURYSM/SAH, SEP 23-24, 2021

You are invited to a Clinical Interventional Neuro Radiology (CINR) course in Liverpool organised by The Walton Centre for Neurology and Neurosurgery.

This course is aimed at Speciality Trainees (ST) and Fellows / Registrars in Interventional Neuroradiology. We will review high yield areas in this sub speciality. We aspire to provide the knowledge that is necessary for a strong foundation during the early years of training / practise in this complex field. The course faculty involves an entire multi-disciplinary team that are involved throughout the journey of a typical Neurovascular patient.

The numbers are limited to 20, with 5 spaces allocated to allied health professionals including radiographers, specialist nurses and aspiring doctors relevant to this speciality.

CINR course has been accredited with 10 CPD points by the Royal College of Radiologists

Course Director:

Dr Arun Chandran

Consultant Interventional Neuroradiologist
